The Indian lube market is today a consumer's delight with more than 30 players in the organized sector, not to mention the numerous small medium scale and unbranded operators. The lube market is divided into two major sectors automotive for 65% and industrial, which account for 35% last few months, the lubricant industry should also grow in line with the economy. There will be few players operating at national level. There is good market for new entrepreneur. He can invest in the field.
