Due to certain advantages of offset press over other printing methods, this is used widely for publication and printing of books, advertisement, packaging materials, newspaper etc. Printing presses are located mostly in large cities and semi-urban areas, with hardly any located in rural areas. The printing is accomplished instantaneously and the offset is capable of very high speed. Photo-offset printing retrieves photography on paper. This industry can be very profitable for entrepreneurs.

NIIR Project Consultancy Services (NPCS) is a reliable name in the industrial world for offering integrated technical consultancy services. Its various services are: Pre-feasibility study, New Project Identification, Project Feasibility and Market Study, Identification of Profitable Industrial Project Opportunities, Preparation of Project Profiles and Pre-Investment and Pre-Feasibility Studies, Market Surveys and Studies, Preparation of Techno-Economic Feasibility Reports, Identification and Selection of Plant and Machinery, Manufacturing Process and or Equipment required, General Guidance, Technical and Commercial Counseling for setting up new industrial projects and industry. NPCS also publishes various technology books, directory, databases, detailed project reports, market survey reports on various industries and profit making business.
